Dear Member(s):

WEE Federal Credit Union is just one of many credit unions fighting against debit card fraud. In our efforts WEE Federal Credit Union is blocking international debit card transactions. Studies have revealed blocking international transactions is one of the most effective means of deterring debit card fraud.

We acknowledge that this effort may inconvenience some of our cardholders who travel and use their debit cards abroad. However, this small inconvenience may save you from fraudulent transactions appearing on your credit union statements.

Please notify us, if you are planning on traveling outside of the United States or making an online purchase from an overseas merchant. We can have the block temporarily lifted on your debit card.

Thank you for your cooperation.
